

Installing Cutting Master 3 <Macintosh>

1. Select and double-click the file to be used (CM3_Vxxxxxx.dmg file).
For example, to install Cutting Master 3 in the environment where Adobe Illustrator CS5 is used, select and double-click the CM3_Vxxxxxx_CS5.dmg file.

2. The window displaying folders for the Cutting Master 3 appears.
Drag the created file to the "PLUG-IN" folder in Adobe Illustrator.
